# INSTALLATION GUIDE

## THE STRUCTURE OF NATURAL STONE PANEL WITH CEMENT BACK

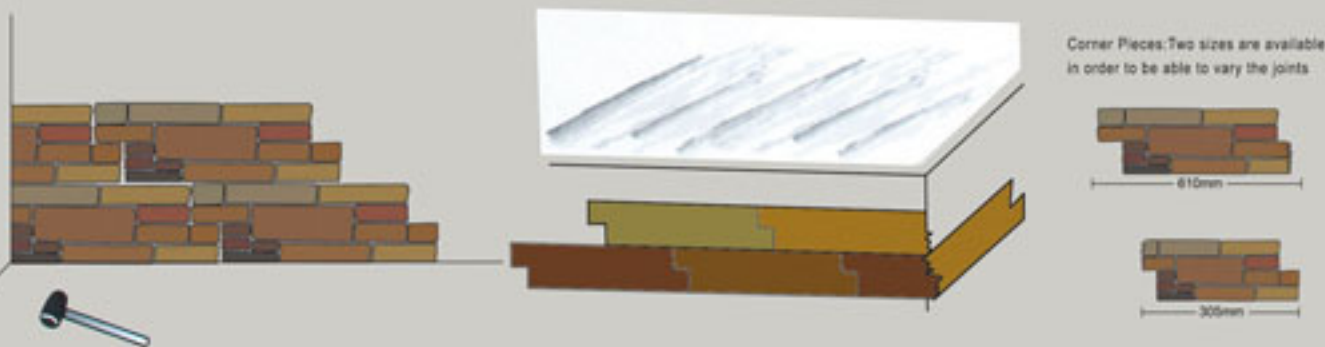

## FIXING GUIDE

- 1) Cover the fixing areas with adhesive using a toothed trowel(5-6mm).Once the adhesive has been applied it maximum life expectancy is 40 minutes.  
\*Fixing recommendations:  
Adhesive made from a cement base that is approved for thicknesses of 3mm to 15mm  
Non-sliding and heat resistant

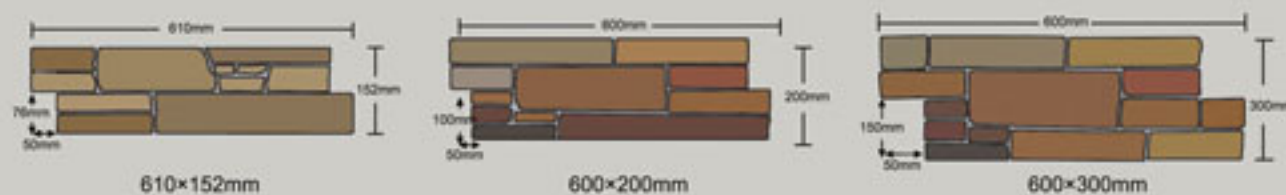

- 2) Fix in place using a rubber mallet.At the end of each row, adjust the panel length by using a radial saw.

- 3) Finish of the corners in accordance with the diagram
